Re: CV Travelling Team Information

Dear parents/guardians,

This letter has been compiled to provide information about Coaching Victory traveling basketball teams for the spring/summer of 2018. Coaching Victory is a program to provide off season activities for up and coming players. In order to develop players and build team chemistry we will be participating in several tournaments and other skill building activities. We understand that players have commitments to other teams and we have attempted to schedule our events accordingly. We believe it is important for them to experience different roles on other teams and still have an opportunity to develop with other players. The following provides an overview of the program.

Introduction

We would like to change the culture of basketball by playing, training, and building relationships throughout the summer. Several players today lack fundamental skills and work ethic through all levels of our school teams. We would like to help resolve these issues by implementing structured programs with reputable coaches in high quality facilities.

Traveling Teams

Traveling teams are for ages 9-17 and allow for players planning to play at the next level (Middle School, JV, or Varsity) to participate in organized trainings and games throughout the Spring and Summer. **Players will be evaluated at tryouts and teams will be selected by age; 9u, 10u, 11u, 12u, 13u, 14u, 15u, 16u and 17u.** These players will become accustomed to the system and experience the discipline it takes to make it. Our professional staff includes active college, high school, and middle school coaches, retired professional players, and other long time students of the game. The Coaching Victory Staff will assist in drills, practices, and other trainings during practice sessions with coaches. **Tryouts dates and additional information available at coaching-victory.com.**

Cost & Payments

Cost of participation for those invited to join is \$420. Payment can be made via PayPal, cash, check, or online (www.coaching-victory.com). **If selected to join, full payment is due with signed player participation form by Thursday, March 15th, 2017.** The payment covers personal team warm up for each player along with tournament fees, gym usage fees, and uniform usage. Travel/hotel expenses and spectator admission to tournaments are not covered by registration fee. Additional team gear including personalized team sweat suits will be paid for by the proceeds of Team Fundraisers. The first team fundraiser will be a Krispy Kreme Donut Sale. Additional fundraisers will follow including a bake sale. The Coaching Victory program will provide uniforms for each event.

February 15, 2018

Tournaments

The team will practice and play from March through June with at least 5 tournaments for each age group. This year's event schedule is currently being planned. Official dates will be announced during tryouts.

Practices will be held weekday evenings at the Coatesville HS Campus, Scott Middle School, & Octorara HS. We will also scrimmage at Rustin HS. A monthly practice schedule will be released based upon gym availability and tournament schedules.

Nike Team Final (Red) Eligibility

Coaching Victory has collaborated with Nike's Team Final program. Representatives from Nike and Future 150's will be present during tryouts to evaluate elite players. Certain players will be selected and offered the opportunity to play for Team Final as well as Coaching Victory. This collaboration gives our players an opportunity to participate in more tournaments against elite competition and also gives players a chance to compete at nationals. There will be additional fees if selected to participate with Team Final.

Basketball Camps

Basketball Camps provide organized instruction, player development, and confidence building for all involved. Players develop new skills while coaches get a chance to see the future players of the area first hand. Each day of camp includes work on fundamentals, drills, and games. The last day of camp includes championship games, competition finals, and a trophy ceremony for the parents and community to attend. The last 5 years we have successfully held camp sessions: Elementary Boys & Girls, Middle School Boys, Girls Middle School & HS, and Best Shot 14-16. All Coaching Victory players will be admitted to CV Camps at a discounted rate. CV Camp 2018 is August 6th – 9th.

Thank You

Coaching Victory Staff

If you have any questions, concerns, or are interested in contributing to the program please feel free to email coachingvictory@gmail.com or complete a contact form at coaching-victory.com.
